Public Comment reminder: The public comment period is not a time for dialogue. A meeting of the township board is NOT A MEETING OF THE PUBLIC. It is a MEETING OF THE BOARD that is held in public. The purpose of the public comment period is for the board to receive input from its community. It is, in fact, a ONE-WAY communication to the board. The public does not participate in making decisions. Instead, it provides input to the board, which will take that input into account in making its decisions.
