Área de conocimiento/ Subject area:	
Título de la tesis de la Universidad de Origen / Title of the Master or PhD thesis at the Home University:	

ERASMUS+ INCOMING STUDENTS – STATEMENT OF PREVIOUS COLLABORATION

Resumen/Abstract¹

1. Briefly describe the topic and scope of existing collaboration

Provide a short description of the topic and the group that you have been working with, and how it is beneficial to both your institution and the University of Málaga.

Describe how you have been carrying out this collaboration, for example:

- *We have been exchanging some emails to define the topic of mutual interest.*
- *We have met in person when the professor was visiting my home University.*
- *We have been meeting online several times over the last month to discuss technical issues.*
- *The professor at UMA has been giving me specific tasks / problems, which I have been solving with his/her feedback.*

2. List any specific results of the existing collaboration (in any)

Describe what you have already achieved because of this previous collaboration, for example:

- *I already have a good understanding of the challenge / topic at hand.*
- *I know which tools and techniques I will be using to help me solve it.*
- *I have already been trained remotely on some of these tools and techniques.*
- *I have already started the project and have solved some of the initial challenges.*
- *The professor has co-supervised some of my previous work (bachelor / master thesis).*
- *We already have a joint publication.*
-

3. Describe how the stay at UMA will build on and enhance the collaboration

Outline some objectives of your stay at UMA, describe how they relate to the previous sections.

The incoming student	The academic supervisor (UMA)	The Vice Dean for Mobility of the receiving faculty (UMA)
