

Summer Reading Log

Every day your student should read **out loud** to someone for **at least** 20 minutes, an average of five times per week. Students should also practice Math Facts 10 minutes a day. On the calendar below, find the correct date, write how many minutes your child read out loud and completed math facts, then initial on the date.

If you do not get a chance to read during the week, you can make it up on the weekends and/or holidays to earn the weekly minutes. *Please tabulate the weekly and grand totals.*

THOSE THAT MEET THE GOAL OF MINUTES WILL EARN A TICKET FOR A FROZEN TREAT AT THE ARCHER'S COUNCIL SUMMER SOCIAL ON JULY 23rd FROM 6-8 PM!

Save the Date — Summer Social!

We are excited to invite Founders families to the first event of the 2025–26 school year — our beloved **Summer Social**, hosted by the Archers Support Committee, an arm of the Archers Council.

 Wednesday, July 23
 6:00–8:00 PM

This fun evening is a wonderful way to reconnect with friends, meet new families joining Founders, and keep the excitement for learning alive all summer long.

 Every student who presents a completed reading log will receive a **FREE frozen treat** as a reward for staying engaged with books over the break.

We will also have a fun water inflatable for students to enjoy, making this a perfect summer night for the whole family.

Mark your calendars and plan to join us as we kick off another year of community, connection, and joy at Founders.

Arrows up.
