

October 1, 2025

Dear Families,

During the 2024-2025 school year, your student was invited to participate in assessments that measure a student's mastery of the New Jersey alternate academic standards. The Dynamic Learning Maps® (DLM®) assessment is a test that measures what your child knows and can do at their academic grade-level, regardless of cognitive ability. If your child took this assessment, reports have been released and are ready to be viewed. This report can be found in your Genesis Parent Portal account under the "Documents" tab. [Click here for a resource on interpreting these scores.](#)

Should you have any issues accessing these reports please contact genesissupport@mtsd.us. Any questions regarding your child's performance can be directed to your child's case manager. Thank you!

Sincerely,

Michele L. Deremer
Director of Special Services
