1) Hidden Player

Dear Daenym,
You are Joshua.
Your Base HP is 5.

It's quickly evident Joshua is clever beyond his fifteen years—as sly as they come. Unfortunately, his insufferably snotty attitude only serves to widen the gulf between him and Neku...but his knowledge, especially about the Game, does earn him some points.

[IMG]http://images2.wikia.nocookie.net/__cb20080508193206/twewy/images/2/28/Pin_164c.png[/IMG] - [B]Follow Suit, Fall in Turn[/B] - Level 1 - Every cycle, you may post "Lynch <USER>" once in the thread. Upon rebooting this pin, all <USERS> you have "Lynched" up to rebooting will take 1 damage. You may only target any given <USER> once before rebooting, however.

[IMG]http://images1.wikia.nocookie.net/__cb20080508192925/twewy/images/3/39/Pin_123c.png[/IMG] - [B]Gimme Dat Hippo[/B] - Level Max - Every cycle, you may pm Acklow a <USER>. Target <USER> will be unable to communicate via the thread or the main chat through the duration of the following cycle. <USER> will also be unable to use any abilities during that period as well.

However, the following cycle, the effects that affected <USER> will affect you.

[IMG]http://images4.wikia.nocookie.net/__cb20080508194646/twewy/images/6/6e/Pin_263c.png[/IMG] - [B]Lucky Star[/B] - Level Max - Every cycle, you may pm Acklow a <USER>. You will receive target <USER's> role name and win condition.

You are not allied with anyone this game. Although you are a neutral, if Shiki or Rhyme are killed during the midst of the game, you may ally with their remaining partner. Their win condition will replace yours if you do so. You may not ally with both partnership duos at the same time, however. You also know that Neku and Beat can potentially become a partnership duo, assuming each of their respective partners dies. Neku is Flamestrike, Shiki is Ditto, Beat is ginganinja, and Rhyme is Snike. You win if at least one of the two secret partnership duos is left standing, regardless of whether or not you are alive.

You also have two fake-claims up your sleeve. One will automatically be applied when you are moling the Taboo Noise (i.e. inspection-proof). The other fake-claim is up to your discernment in how you use it.

[Quote=Acklow]Dear Daenym,
You are a Fusion Shark
Your Base HP is 5.

Hammer-horned and hungry, this Taboo shark is able to pound out killer tsunamis!

Sanae Hanekoma is zorbees. You know that you will be able to unify with your fellow Taboo Noise if you claim to him.

[B][U]Pins:[/U][/B]

[IMG]http://images2.wikia.nocookie.net/__cb20080508193206/twewy/images/2/28/Pin_164c.png[/IMG] - [B]Follow Suit, Fall in Turn[/B] - Level 1 - Every cycle, you may post "Lynch <USER>" once in the thread. Upon rebooting this pin, all <USERS> you have "Lynched" up to rebooting will take 1 damage. You may only target any given <USER> once before rebooting, however.

You are allied with the Taboo Noise. You win if you outlive more than three-quarters of the Noise and you eliminate Joshua.[/QUOTE]

[QUOTE=Acklow]Dear Daenym,
You are a Metal Corehog.
Your Base HP is 4.

It takes lightning reflexes to evade the bang these hedgehog Noise pack in their giant quills.

[B][U]Pins:[/U][B]

[IMG]http://images4.wikia.nocookie.net/__cb20080508194646/twewy/images/6/6e/Pin_263c.png[/IMG] - [B]Lucky Star[/B] - Level 1 - Every cycle, you may pm Acklow a <USER>. You will receive target <USER's> role name and win condition.

You are allied with the Noise. You win if you eliminate the Taboo Noise along with Joshua.[/QUOTE]

2) Neku+Shiki Duo (Also Hidden Players)

If Shiki (and Rhyme) dies, Neku has the ability to ally with Beat. If they do so, their Win Condition changes to: "You are in a partnership duo with Neku. Neku is USER. You win if you outlive Sho Minamoto, Megumi Kitanji, Koki Kariya, Sanae Hanekoma, Mitsuki Konishi, and Uzuki Yashiro." They are unaware of this, and will only find out about this assuming Joshua tells them this information. Otherwise, Joshua can ally with Neku, once Shiki dies. They will be told that the Tradishfrog (Noise), Progfox (Noise), Death Metal Mink (Taboo), and Grunge Wolf (Taboo) roles are not in the game and that they are free to ask for help in making fakes for these.

Dear Flamestrike,
You are Neku.
Your Base HP is 5.

At fifteen, Neku is an ardent fan of graffiti, but far less enthusiastic about forging relationships with other people. When the Reapers' Game throws him into contact with other Players, he has two choices: open up...or get picked off.

[B][U]Pins:[/U][B]

[IMG]http://images2.wikia.nocookie.net/__cb20080508193748/twewy/images/4/42/Pin_201c.png[/IMG] - [B]Fresh Line[/B] - Level 1 - Every cycle, you may pm Acklow a <USER>. Target <USER> will take 1 damage. This pin has 1 use per cycle.

[IMG]http://images2.wikia.nocookie.net/__cb20080508192120/twewy/images/f/fb/Pin_008c.png[/IMG] - [B]Sexy B[/B] - Level Max - Every cycle, you may pm Acklow a <USER1> and <USER2>. You will steal a pin from <USER1> and automatically pass it onto <USER2>. This ability works even if you have 3 pins in your possession. <USER2> cannot be yourself. If <USER2> already has 2 other pins, this ability will fail. This pin cannot be stolen.

You are in a partnership duo with Shiki. Shiki is USER. You win if you outlive Sho Minamoto, Megumi Kitanji, Koki Kariya, along with 3 other noise and/or taboo noise.

Dear Ditto,
You are Shiki.
Your Base HP is 4. (+1)

Fashionable and fabulous at fifteen, Shiki knows clothes. While she puts on a cheerful face to lend Neku some much-needed moral support, deep down she harbors a secret... She never parts with her homemade stuffed animal, Mr. Mew; to survive, Neku can never part with her.

[B][U]Pins:[/U][B]

[IMG]http://images2.wikia.nocookie.net/__cb20080508192933/twewy/images/a/a1/Pin_125c.png[/IMG] - [B]Splish Splash Barrier[/B] - Level 1 - This pin must reboot before your first use (this does not count as levelling up). Every cycle, you may pm Acklow a <USER>. Target <USER> will be protected from all actions/attacks while this pin is targeting them. <USER> will also gain 1 HP point per cycle and will be restricted to using only 1 pin each cycle as long as this pin is targeting them.

[IMG]http://images1.wikia.nocookie.net/__cb20080508192354/twewy/images/1/14/Pin_052c.png[/IMG] - [B]Love Charge[/B] - Level Max - Your Base HP is increased by 1 point as long as you are holding this pin.

You are in a partnership duo with Neku. Neku is USER. You win if you outlive Sho Minamoto, Megumi Kitanji, Koki Kariya, along with 3 other noise and/or taboo noise.

3) Beat+Rhyme Duo (Also Hidden Players)

If Rhyme (and Shiki) dies, Beat has the ability to ally with Neku. If they do so, their Win Condition changes to: "You are in a partnership duo with Neku. Neku is USER. You win if you outlive Sho Minamoto, Megumi Kitanji, Koki Kariya, Sanae Hanekoma, Mitsuki Konishi, and Uzuki Yashiro." They are unaware of this, and will only find out about this assuming Joshua tells them this information. Otherwise, Joshua can ally with Beat, once Rhyme dies. They will be told that the Carcinosamps (Noise), Swing Shark (Noise), Neo Classical Drake (Taboo), and Wall of Grizzly (Taboo) roles are not in the game and that they are free to ask for help in making fakes for these.

Dear ginganinja,
You are Beat.
Your Base HP is 6.

Hot-blooded and hard-headed, Beat is the polar opposite of Neku—even if they are the same age. Still, despite his emotional outbursts, he has a big heart. He's always ready to throw down and ollie into combat on his board, with Rhyme right there beside him.

[B][U]Pins:[/U][/B]

[IMG]http://images1.wikia.nocookie.net/__cb20080508193245/twewy/images/d/d0/Pin_174c.png[/IMG] - [B]Lolita Mic[/B] - Level Max - This pin must reboot before your first use. Once during the game, you may pm Acklow the usernames of 3 active <USERS>. Any time during a cycle, you may post "LOLOLOL" in the thread. If you do so, all 3 <USERS> will be affected by "Defense Blight" for the duration of two cycles. For every attack against them, they will take an additional 1 damage. Upon doing so, this pin must reboot the following cycle.

[IMG]http://images2.wikia.nocookie.net/__cb20080508194649/twewy/images/4/48/Pin_264c.png[/IMG] - [B]Lady Luck[/B] - Level Max - Every cycle, you may pm Acklow a <USER>. You will receive target <USER's> pin information and faction.

You are in a partnership duo with Rhyme. Rhyme is USER. You win if you outlive Sanae Hanekoma, Mitsuki Konishi, Uzuki Yashiro, along with 3 other noise and/or taboo noise.

Dear Snike,
You are Rhyme.
Your Base HP is 4.

Rhyme's earnest and hard-working attitude proves a big help to Neku and Shiki early on, as well as to her partner, Beat. She has an addiction to adages and no shortage of smiles, and without her, the others would be lost.

[B][U]Pins:[/U][/B]

[IMG]http://images4.wikia.nocookie.net/__cb20080508194332/twewy/images/d/d0/Pin_220c.png[/IMG] - [B]Brainy Cat[/B] - Level Max - You are not sure what this does, but if you find the other Cat pins, you might get something good.

[IMG]http://images2.wikia.nocookie.net/__cb20080508193431/twewy/images/c/c1/Pin_196c.png[/IMG] - [B]Flower of Fire[/B] - Level Max - Every cycle, you may pm Acklow up to 5 <USERS>. They will all take 1 point of damage each. However, for every <USER> you target, this pin must reboot that many cycles following your attack.

You are in a partnership duo with Beat. Beat is USER. You win if you outlive Sanae Hanekoma, Mitsuki Konishi, Uzuki Yashiro, along with 3 other noise and/or taboo noise.

4) Taboo Noise

Dear zorbees,
You are Sanae Hanekoma.
Your Base HP is 6.

Sanae Hanekoma (also known as Mr. H) is the self-described "hip café barista" of WildKat and is also the successful, multi-talented artist CAT. He is a valuable ally, acting like a guardian of the players, and always making sure that the game is fair and everyone follows the rules.

[B][U]Pins:[/U][/B]

[IMG]http://images4.wikia.nocookie.net/__cb20080508193925/twewy/images/3/31/Pin_207c.png[/IMG] - [B]Big Bang[/B] - Level Max - You are not sure what this does, but if you obtain it's sister pin, something good may happen.

[IMG]http://images4.wikia.nocookie.net/__cb20080508194938/twewy/images/1/17/Pin_300c.png[/IMG] - [B]Pig[/B] - Level 1 - Every cycle, you may pm Acklow a <USER>. You will obtain target <USER's> role name and faction.

You are allied with the Taboo Noise. You win if your fellow Taboo Noise win or you obtain the Over the Top combination and the current holders of each pin making up the combination get eliminated.

Dear theangriscientist,
You are Sho Minamimoto.
Your Base HP is 6.

Sho Minamimoto is the youngest Game Master of the Reapers in Shibuya at 18. He excels in all areas of leadership except one -- he will not cooperate with others. More of a mathematician than a brawler, Sho loves to speak in mathematical terms and cannot refrain from making a calculation or from telling a math joke during conversation, to the point of obsession and perhaps mental instability.

Sanae Hanekoma is zorbees. You know that you will be able to unify with your fellow Taboo Noise if you claim to him.

[B][U]Pins:[/U][/B]

[IMG]http://images3.wikia.nocookie.net/__cb20080508193215/twewy/images/3/32/Pin_166c.png[/IMG] - [B]Lolita Bat[/B] - Level 1 - Every cycle, you may pm Acklow a <USER1>. <USER1> will be warned by the host at the end of the cycle that you have targeted them. However, the following cycle, you may pm Acklow a <USER2>. If you do so, <USER2> will take 2 damage at the end of that cycle. If you don't, <USER1> will take be dealt 3 damage at the end of that cycle instead.

You are allied with the Taboo Noise. You win if your fellow Taboo Noise win or if you obtain 500 yen and eliminate the current holder of that pin.

Dear Paperblade,
You are a Bass Reaper.
Your Base HP is 5.

This belligerent Reaper uses a shotgun attack to take out a wide swath of Players at once!

Sanae Hanekoma is zorbees. You know that you will be able to unify with your fellow Taboo Noise if you claim to him.

[IMG]http://images4.wikia.nocookie.net/__cb20080508192750/twewy/images/b/b4/Pin_104c.png[/IMG] - [B]Long Live the Rock[/B] - Level 1 - Every cycle, you may pm Acklow a <USER>. <USER> will become "Petrified" the following cycle. While they are affected by petrification, they will be unable to communicate in the thread. This pin has 1 use per cycle.

You are allied with the Taboo Noise. You win if you outlive more than three-quarters of the Noise and you eliminate Joshua.

Dear MrcRanger97,

5) Noise

Dear Quagsires,
You are Megumi Kitaniji.
Your Base HP is 6.

Kitaniji is the Conductor of the Reaper's Game. He is the direct superior of Game Masters Yodai Higashizawa, Sho Minamimoto, and Mitsuki Konishi. In turn, he is the direct subordinate of the Composer. On the surface, his job is to ensure that the Game is played exactly to the Composer's specifics. His real motivations are unclear, however.

[B][U]Pins:[/U][/B]

[IMG]http://images3.wikia.nocookie.net/__cb20080508194843/twewy/images/9/92/Pin_289c.png[/IMG] - [B]Mink[/B] - Level Max - Every cycle, you may pm Acklow a <USER>. Target <USER> will become "Petrified" the following cycle. They will be unable to communicate in the thread the following cycle.

You are allied with the Noise. You win if your fellow Noise win or if you obtain the Big Pin combination and the current holders of the pins making up the combination get eliminated.

Dear Rediamond,
You are Mitsuki Konishi.
Your Base HP is 6.

While she may not look the part of a villain, Konishi is ranked among the highest in the Reaper hierarchy. She is the one who issues the orders for the missions against Neku and his friends, although she rarely appears before them.

[B][U]Pins:[/U][/B]

[IMG]http://images3.wikia.nocookie.net/__cb20080508193952/twewy/images/f/f5/Pin_208c.png[/IMG] - [B]Big Crunch[/B] - Level Max - You are not sure what this does, but if you obtain its sister pin, something good may happen.

As long as you are holding this pin, you will be afflicted by "Defense Blight". For every attack against you, you will take an additional 1 point of damage. This pin levels up only by being passed.

You are allied with the Noise. You win if your fellow Noise win or if you obtain the Rhyme pin and eliminate its current holder.

Dear Kaxtar,
You are Koki Kariya.
Your Base HP is 5.

Although rumored to have high-level abilities, Kariya would much rather sit back and relax than exert effort in completing his assignments. Kariya explained to an enraged Uzuki that he declined a promotion because being an officer meant that he couldn't be out and about in Shibuya; he would only strut around looking important all day, a life he sees as boring. He is always holding a bean paste lollipop and is exceptionally cool-headed.

[B][U]Pins:[/U][/B]

[IMG]http://images2.wikia.nocookie.net/__cb20080508194331/twewy/images/5/55/Pin_219c.png[/IMG] - [B]Righty Cat[/B] - Level Max - You are not sure what this does, but if you find the other Cat pins, you might get something good.

You are allied with the Noise. You win if your fellow Noise win or if Uzuki Yashiro wins and Shiki loses.

Dear Layell,
You are Uzuki Yashiro.
Your Base HP is 4.

Unlike many of her colleagues, Uzuki Yashiro is completely obsessed with her work. Though she has a low rank among the Reapers, she is a perfectionist in every aspect when it comes to her occupation. When she is restricted from working hard, it drives her crazy. Yashiro, like all of the Harrier Reapers, has a total disregard for the lives of Players. She values each competitor as little as trash or a Noise. This only aids her in her zealous demeanor.

[B][U]Pins:[/U][/B]

- Every cycle, you may pm Acklow a <USER>. You will obtain target <USER's> role name and faction.

You are allied with the Noise. You win if your fellow Noise win or if Koki Kariya wins and Rhyme loses.

Dear Maxim,
You are a Tenor Reaper.
Your Base HP is 5.

A member of the Reaper squad sent out to erase Players. He casts his shadow in the other zone!

You are not sure what this does. It doesn't look like it's all that useful either.

- Every cycle, you may pm Acklow a <USER>. Target <USER> will be healed by 1 HP point and cured of any status. This pin has 1

You are allied with the Noise. You win if you eliminate the Taboo Noise along with Joshua.

Dear MKUltra,

If you will be able to save up to "10,000 Yen", you will be announced as a winner of the game. This pin will reset back to "1 Yen" if you pass it along to another player, if it is stolen from you, or if you die. This pin also does not take up a pin slot, therefore, your max carry amount for pins is effectively 4 (including this pin) as long as you are holding this pin.
