

Homework Help Club 2.0 for Corunna Middle School Students

We know there are some families who are having a very hard time navigating distance learning, for various reasons. In an effort to help the best we can, we are willing to offer a Homework Help Club for our CMS students who have been moved to online learning the next two weeks.

How it would work:

- Students would come to school from 8:50 a.m. to 2:55 p.m.
 - Students who normally ride the bus could still do so. (Except Friday, November 13)
 - Parents who bring their child to school would drop them off at 8:40 a.m. and pick them up at 2:55 p.m.
- Students would be monitored by paraprofessionals and simply given time to complete assignments and ask general questions. No direct instruction would occur by teachers.
- Students would be fed breakfast, be given mask breaks outside, would be fed lunch and would have time for recess.
- Students would have access to a Chromebook and the internet to complete assignments in Google Classroom.
- We could accommodate **approximately 32 students**. Students would be in our cafeteria and would be sitting at least six feet apart.
- We would use the following criteria to help us decide who would qualify for the group:
 - Parents who are essential workers without access to daycare
 - The home doesn't have access to the internet or wi-fi
 - The student has an IEP or 504
 - The student would attend all of the days offered
 - The student would follow all of our CR3 Expectations

Dates offered:

- Thursday, November 12
- Friday, November 13 - Virtual Learning Day - No busing but parents can drop-off and pick-up.
- Monday, November 16
- Tuesday, November 17
- Wednesday, November 18
- Thursday, November 19
- Friday, November 20

Interested? [Use this link to sign-up](#)

After we assess the level of interest in the club, you will be contacted by email if you can send your child to the club starting November 12.
