Mathematics & Technology (Middle School) 2026-2027 Full Time

Job Description

CVA has an opening for a dynamic and flexible teacher to teach middle school math and tech education in our hybrid and online learning environments. The ideal candidate is skilled in both face-to-face and online instruction techniques, is always seeking new ways to motivate and challenge students, and loves exploring new instructional technologies.

Job responsibilities

- Adapt teaching methods and instructional materials to meet students' varying needs and interests.
- Instruct students individually and in groups, using various teaching methods.
- Maintain accurate and complete student records as required by laws, district policies, and administrative regulations.
- Observe and evaluate students' performance, behavior, social development, and physical health.
- Create a positive environment to ensure successful learning for all students.
- Attend professional meetings, educational conferences, and teacher training workshops in order to maintain and improve professional competence.
- Understand and maintain boundaries and confidentiality with students, families and staff.
- Other duties as assigned.

Job Specifications:

- Appropriate Minnesota teaching licensure for subject area and level taught.or ability to apply for a PELSB license
- Effective oral and written expression.
- Demonstrated collaboration and relationship building skills.
- Strong communication skills verbally, orally and written
- Prompt, regular and reliable attendance.
- Ability to perform routine computer functions, including the use of Microsoft and Google applications.
- Communicates with students, parents, co-workers, supervisors, and the community in a positive and responsive way that is consistently welcoming and enhances effective work relationships.
