

exactCUT Pipe Cutters

plumBOSS Australia | Wholesale Plumbing Supplies & Tools

The plumBOSS exactCUT system takes care of most of the problems you will face when cutting pipe. It attaches firmly to the pipe which automatically positions it for a straight cut. The blade chips through the pipe rather than grinding, creating a burr-free cut surface. It cuts cold with minimal to no spark. It is fast, safe, lightweight and portable. All chips are forced down and away from the user. The plumBOSS exactCUT system is able to cut steel, stainless steel, copper, plastics, cast iron, ductile iron, ventilation pipe and aluminium. Ask in store or talk to plumBOSS about the best model for your needs.

plumBOSS are wholesale suppliers to the Australian plumbing market. plumBOSS Australia (formerly known as Sunstate Plumbing Tools) is an established family business that has been operating since 1987 and has developed vast knowledge, experience and resource for servicing the water and sewer industries throughout all states of Australia.
