

- At each career stop chose 1-3 questions from the bingo board below to ask.
- Remind each organization at each stop to “initial” your question once it’s been answered.

What is something you really like about your job?	What type of education or training did you need for your career?	Ask a question of your choice.	What is something that you wish you would have known before starting this career?
What is something that you would encourage students to do now, in order to gain experience to ready themselves for this career?	Ask a question of your choice.	How much can someone earn in your field?	What is something you really like about your job?
How much can someone earn in your field?	What is something that you wish you would have known before starting this career?	What are the most important skills for someone to work at your company?	What is something that you would encourage students to do now, in order to gain experience to ready themselves for this career?
What are the most important skills for someone to work at your company?	Ask a question of your choice.	How much can someone earn in your field?	What type of education or training did you need for your career?
