

# Staff Shout Out!

## *Meet Ms. Born...*

### *All about me...*

I am a 2nd grade teacher at Beaverton Elementary. I have wanted to be a teacher my entire life and make the world a better place. I believe that kindness, compassion, love and grace are the most important things you can give to yourself and others. I love waterskiing, wakeboarding, surfing, sunsets and playing with my dog, Lemon!

*Years Taught:* 9 years

### *My WHY for teaching...*

I became a teacher because I've always wanted to make a big difference in the world and give myself to others. I want students to love learning and to feel they have a safe place to grow and shine in their own unique ways. My students are mine forever, and I find peace in knowing that they always have a special place to come back to when they need a cheerleader, a hug, or someone to help them through the hard parts. As a teacher, students are my greatest gifts in life. They teach us just as much as we teach them!
