Spotlight!

Greg Borsch; Maintenance Supervisor

Shining a light on the Employees who make the St. Anthony Community feel like Home.

Personal Background and Upbringing

- Born in the local area and first attended St. Anthony in kindergarten, before preschool was available. Graduated from St. Anthony and attended Tualatin High School
- Has two siblings who also attended St. Anthony; their mother, Lucille worked as a receptionist at St. Anthony's in the early 2000s.

Career Path

- Worked at Office Depot after high school.
- Started as a maintenance staff member at St. Anthony in 2008 and became the Maintenance Supervisor in 2020.

Personal Interests and Activities

- Enjoys playing video games, particularly turn-based strategy games like XCOM. These games require thoughtful planning and managing efficiency, drawing a parallel to his maintenance work.
- Enjoys reading nonfiction books related to economics, philosophy, and human behavior (examples include works like John Tesh's "Intelligence for Your Life").
- Loves being an Uncle to Joey & Sienna (A Preschooler & 2nd Grader at St. Anthony). You will find him most weekends at one of their various activities and sporting events.

Organizational Involvement and Volunteering

- Active member of the Knights of Columbus, mainly participating in major summer fundraisers and some smaller events throughout the year. He also oversees the Blood Drives that the Knights put on at the Parish.

Influential Figures

- His father had the most significant positive impact on him, as he was always willing to volunteer and help others. His father was an active member in Knights of Columbus and introduced Greg, and got him involved. He was a wonderful person who always led by example.

Daily Routines and Preferences

- Always starts day with a bowl of Honey Nut Cheerios and milk
- Not a coffee drinker. Prefers water throughout the day, with an occasional Dr. Pepper.

Aspirations and Skills:

- Would be interested in instantly mastering sign language or becoming more skilled in technology and car maintenance, for practical reasons.

What he loves most about St. Anthony:

- Values the St. Anthony community, describing it as relaxed,, easy going, and filled with so many good people.
- Finds the work environment low-stress and highly enjoyable.
