

Request an inspection and decontamination for your watercraft from the Arizona Game and Fish Department (AGFD). Decontaminations are performed by AGFD Authorized Agents and AGFD staff. Requests must be made a **MINIMUM of 10 business days** in advance in order to determine appointment availability. Spring and fall are very busy times, so plan accordingly!

If you have been in an aquatic invasive species (AIS) infested water in Arizona for 6 or more consecutive days, you are **REQUIRED** to have your watercraft inspected and decontaminated **before** transport. For a full list of AIS affected/infested waters, see [Director's Order 2](#).
