

Good Day .

My name Is Manuel Hubbard I'm a Surinamese Citizen ,and ex Amazon Employee .
The Offices I worked at were situated in Cape Town South Africa , “ Amazon Web Services
Cape Town 2 Wembley Square “.

I would like to draw attention to my suspicion that Amazon Web Services or Employees
representing the company , are actively targeting individuals manipulating big data and
algorithms for the purpose of organ harvesting by means of socially engineering their target to
death followed by the submission of fraudulent Organ Donation Consent Forms .

The social engineering component is facilitated by interception of communication between
friends and family members (members of the targets social circle) and skillful manipulation of
big data generated by electronic devices .

If you ask them , they will tell you that this surveillance is part of Amazon's “Risk Management
Policy” , a service carried out by Lexis Nexis , on behalf of Amazon .

In my case someone empowered by Amazon whom I entrusted my work laptop to (because of
his position of authority) ,deliberately ran a search for paedophilic content in the Google search
engine of my browser .

During my investigation, I discovered that Mr Bezos is heavily invested in “Predictive Policing”
Software such as “Geolitica” (Formerly Predpol) , his association with criminologist Dwayne
“The Rock” Johnson is also public record .

Mr Bezos his socio-economic circle includes several high powered individuals who have gone
on record with their health struggles , some of whom currently or, in the near future, might
require organ transplants .

It is worth noting that Cape Town has served as shooting location for several high profile
Hollywood movies like “Safe House” starring Denzel Washington,An Actor who has gone on the
record with regards to his health struggles .Particularly his liver .

Mr Washington's Co-Star in this movie Ashton Kutcher, collaborated with Amazon to create the
platform “Thorn” / “Safer”

As an attempt to combat CSAM content Online .

Mr Bezos along with Mr Zuckerberg and Representatives of The WWE , were also Guests at the wedding of Mr Anant Ambani ,Mr Ambani has also gone on record with his health struggles particularly asthma and morbid obesity .

<https://timesofindia.indiatimes.com/life-style/health-fitness/weight-loss/how-anant-ambani-struggled-from-weight-gain-due-to-steroids-from-asthma-treatment/photostory/97166092.cms>

Mr Elon Musk ,the eccentric owner of Tesla ,his father Errol Musk , has also gone on record with regards to his health struggles, specifically his heart.

He volunteered this information during an interview regarding his prostate cancer diagnosis :

<https://timesofindia.indiatimes.com/etimes/trending/elon-musks-father-errol-musk-opens-up-on-his-battle-against-prostate-cancer/articleshow/121447004.cms>

It is also worth noting that Mr Errol Musk currently resides in Langebaan Western Cape. Which also houses Amazon's Main Presence in Africa.

The methods of abuse or “Hyper-Targeting” employed are textbook “zersetzung” with the intent of constructing a Forensic Psychological profile of either a Criminal (cocaine trafficker) , pedophile or Terrorist which in turn allows them to circumvent any ethical boundaries put in place by human rights legislation.

Again , I call this approach “Weaponized Risk Management”

Another objective is to “Paint a Social Bullseye” on your back by labeling you with the most despicable social label imaginable , (rapist or pedophile) .With the hope that some random traumatized individual does you harm .

The aforementioned would also serve as a perfect “ narcissistic discard”, and a perfect reason for Incarceration.

We are all aware of what happens to pedophiles in prison .

I am also of the belief that an "Occult Component" accompanies the "Targeting"/ "Social Engineering" process .

I have found that Members of the “Targeting Team” who are affiliated with certain occult organisations .

The tracking and "Hyper-Targeting" of individuals is also falsely brought up in the context of either "predictive policing" or "Marketing"(as part of a "Smart City" initiative) .

It is my belief that this is deliberately done to camouflage their real intention .
These concerns are directly cited in :

*" SOUTH AFRICAN SMART CITIES FRAMEWORK
A decision-making framework to guide the development of smart cities in South Africa"*

*Paragraph "2.4 Smart city concerns and limitations"
Subsection : "Ethical Concerns"*

From an Occult perspective I also found that Magician David Blaine has visited Cape Town Several times. Something I feel is worth noting , since he is of Jewish /Russian descent and the "Rosecrucian" organisation (with a presence in Cape Town) has been linked to Jewish Mysticism .

==

Actress Michelle Trachtenberg , who is also from Jewish / Russian background ,passed away in February 2025 from complications of diabetes .It was also mentioned that she had recently received a liver transplant .

"<https://www.nbcnews.com/health/health-news/michelle-trachtenberg-death-liver-transplant-rcna194092>"

==

Dwayne the Rock Johnson , who is a Criminologist with close ties to law enforcement has had dealings with Michelle in the past .

I have to be clear in stating that I was completely unaware of the existence of this document or the predictive policing phenomenon prior to what I experienced during my employment at Amazon Web Services.

Another suspicion which cannot be ignored is the role of predictive policing technologies and legislation relating to FISA section 702 , (which has been put in place to protect the United States from potential terrorism attacks) and how these can be (ab)used to "funnel their target" to their doom .

It is worth noting that there has been some affiliation between high ranking individuals in the previous administration of the Surinamese Government and Hezbollah , Contact Initiated by the CIA ,with the Son of former president Desi Bouterse.

<https://www.theguardian.com/world/2015/mar/10/suriname-presidents-son-sentenced-hezbollah-proposal-new-york>

As any honest Intelligence officer with knowledge of Suriname would tell you that the actions of these few bad apples do not represent the intent of all Surinamese citizens .

There is also external political stress exerted by several high profile individuals in Suriname ,the Netherlands ,South Africa and The United States and even Institutions like Hollywood and the WWE which simply cannot be overlooked.

=

In closing I would like to say that I am of the opinion that the actions of my former colleague can be construed as algorithmic violence .

An underhanded deceptive multidimensional approach to mislead law enforcement and enslave me In order to achieve socio economic and political agendas.

A docket has been opened with the Cape Town Police Department under case number **Case 890/03/2025** and I have made several attempts to involve the Hawks in this investigation.

I also suspect that certain secret societies have members who are also involved with the targeting /"Risk Mitigation " process .

These societies are :

- AMORC (Rosicrucian Organisation)
- Freemason Brotherhood
- Boy scouts
- Lions Club International

News article where Amazon Admits to working on Software To Catch Child Predators :

"In February British spies at GCHQ said they had fully embraced artificial intelligence (AI) to uncover patterns in global data to counter hostile disinformation and catch child abusers. GCHQ has been using basic forms of AI such as translation technology for years but is stepping up its use, partly in response to the use of AI by hostile states and partly due to the data explosion that makes it effective."
