

## **Beary Good Homework Routine**

1. Check Google Classroom for each class and make sure all assignments and upcoming tests or quizzes are written in your planner.
2. Color code each task in your planner. For example:  
Pink - Test / Quiz  
Yellow - Assignment to Complete
3. Prioritize homework for the evening based on when each assignment is due or the test or quiz date and write a number next to each task.  
*It's important to incorporate small study sessions at least 3 nights prior to a test or quiz.*
4. As homework is finished, submit on Google Classroom or place any hard copy assignments in the subject folder.
5. Once the assignment has been submitted through Google Classroom or turned in, cross it off in your planner.
