Playing Fields and Playgrounds

For the purposes of this section, the following definitions shall apply:

“Playfield or Playing Field” means a designated outdoor playing area designed for various sports and includes rectangular turf fields and ball diamonds.

“Playfield Maintenance” means the regular mowing, fertilizing and lining of playfields.

“Playground” means an area designed for outdoor play or recreation, especially by children, and often containing recreational equipment such as slides and swings.

“Refurbishment” means to aerate, top dress and over seed taking the playfield off line for a 12 month period.

“Re-development” means the stripping and grading of the playfield to reshape the grade and/or the complete replacement of the top soil, finished surface (seed/sod/shale) and the replacing of goal posts or back fields. Redevelopment would anticipate the closure of the playfield for up to two years.

Maintenance of playing fields on Municipal lands shall be the responsibility of the Municipality and maintenance of playing fields on School lands shall be the responsibility of the respective Board. The Parties agree to ensure that field markings are in place at the commencement of the spring/summer season. The Board will not be responsible for field markings that are not required for the School to perform its function. Additional field markings will not be provided by the School.

Each Party shall perform regular assessments on playfield conditions to determine short term and long term maintenance, or as appropriate, refurbishment required for each playfield. The Parties shall advise each other of any major refurbishment or redevelopment of playfields.

Each Party shall be responsible for the development of playing fields, including the construction of soccer pitches and softball or baseball diamonds, located on their respective lands.

Despite the identity of the Party that funded or installed a playground, the Party upon whose land it is located shall at all times have the right to remove the playground if ongoing maintenance of the playground is unwarranted due to safety concerns, or because of costs associated with ongoing

maintenance. The replacement of the playground is at the sole discretion of the Party upon whose land it is located.

Schedule “F” – School Site Guidelines

The parameters contained in this Schedule shall be applied when planning future school sites in a Municipality’s Municipal Development Plan, Area Structure Plan or Concept Plan.

Size of Site

The size of school sites to be included in the Municipality’s plan shall be based on the types of schools needed over the long term and the grade configurations and minimum design for student capacity per school used by each Board.

For the Public Board the following guidelines apply:

School Type	Grade Configuration	Design Capacity (Number of Students)	Land for School Portion	Land for Playing Fields	Total Land Needed
Elementary	K-3, K-4, K-5	400 to 600	4 to 5 acres	6 to 7 acres	10 to 12 acres
Elementary/Middle	K-8	500 to 800	5 to 6 acres	7 to 8 acres	12 to 14 acres
Middle	6-8	500 to 600	5 to 6 acres	7 to 8 acres	12 to 14 acres
Junior/Senior High	7-12	500 to 800	6 to 7 acres	7 to 8 acres	13 to 15 acres
High School	10-12	400 to 1000	7 to 8 acres	13 to 14 acres	20 to 22 acres
K to 12 School	K-12	600 to 800	6 to 7 acres	7 to 8 acres	13 to 15 acres

The acreage guidelines outlined in the tables above are approximate acreages. The land required may vary depending on site configuration, topography, natural vegetation, special site conditions, or shared facilities adjacent to the school site.

Each school site shall be of adequate size to meet the initial and future expansion needs of the school.

Where possible, school sites shall be located across quarter section lines to make use of reserve dedication from two quarter sections to create a larger, shared site for two schools. For example, two elementary schools may share a set of playing fields requiring a total site area of 15 to 18 acres rather than 20 to 24 acres for two separate sites.

Where possible sites for high schools shall be created using reserve dedication; however, acquisition of additional land will likely be needed to create the size of site required. In these circumstances, a separate agreement shall be negotiated between the Parties involved in the acquisition of the site.

Site Shape and Configuration

Each school site shall have a core area that is generally rectangular in shape with proportions of 2 to 3 units of width and 3 to 5 units of length (e.g. 160m width and 240m length). The core area must account for 80 to 90 percent of the total site area.

Site shapes that consist of curves, triangular areas or narrow spaces shall be avoided.

Frontage along a Public Street

Where possible, each school site shall have frontage along two public streets that intersect at a corner of the site.

Where frontage along only one public street is available, it shall be a continuous frontage along the entire length of one side of the site.

Accessible to Several Modes of Travel

Each school site shall be located on a road capable of accommodating school bus traffic and private automobile traffic related to the school.

Each school site shall have onsite pedestrian connections and connections to any pedestrian network linking the site to surrounding community.

Each site shall accommodate bicycle access and on-site bicycle parking facilities.

Site Topography and Soil Conditions

Each school site shall have geo-technical and topographic conditions that are suitable for the construction of a large building. This includes suitable soil conditions for foundations, no known contaminants and generally level terrain.

Flexibility for Design

Each school site shall not be encumbered with utilities and utility rights of way that divide the site or otherwise reduce the options for the placement of buildings and improvements.

No storm water management ponds shall be incorporated into the school site or the playing fields adjacent to a school.

Access to Services

Each school site shall be located where access to a sewage collection and disposal system, water system, storm drainage services and three phase power is available or can be made available.

Schedule “G” – Dispute Resolution Process

Step 1: Notice of Dispute

1. When any Party believes there is a dispute under this Agreement and wishes to engage in dispute resolution, the Party alleging the dispute must give written notice of the matter(s) under dispute to the other Parties.
2. During a dispute, the Parties must continue to perform their obligations under this Agreement.

Step 2: Negotiation

3. Within 14 calendar days after the notice of dispute is given, each Party must appoint representatives to the Governing Committee to participate in one or more meetings, in person or by electronic means, to attempt to negotiate a resolution of the dispute.
4. Each Party shall identify the appropriate representatives who are knowledgeable about the issue(s) under dispute and the representatives shall work to find a mutually acceptable solution through negotiation. In preparing for negotiations, the Parties shall also clarify their expectations related to the process and schedule of meetings, addressing media inquiries, and the need to obtain Council and Board ratification of any resolution that is proposed.
5. Representatives shall negotiate in good faith and shall work together, combining their resources, originality and expertise to find solutions. Representatives shall attempt to craft a solution to the identified issue(s) by seeking to advance the interests of all Parties. Representatives shall fully explore the issue with a view to seeking an outcome that accommodates, rather than compromises, the interests of all concerned.

Step 3: Mediation

6. In the event that negotiation does not successfully resolve the dispute, the Parties agree to attempt mediation. The representatives must appoint a mutually acceptable mediator to attempt to resolve the dispute by mediation, within 14 calendar days of one Party's indication that negotiation has not resolved matters, nor be likely to. The Party giving such notice shall include the names of three mediators. The recipient Party shall select one name from the short list and advise the other Party of their selection within 10 calendar days of receipt of the list. The Parties shall thereafter co-operate in engaging the selected mediator in a timely manner.

7. The Party that initiated the dispute resolution process, must provide the mediator with an outline of the dispute and any agreed statement of facts within 14 calendar days of the mediator's engagement. The Parties must give the mediator access to all records, documents and information that the mediator may reasonably request.
8. The mediator shall be responsible for the governance of the mediation process. The Parties must meet with the mediator at such reasonable times as may be required and must, through the intervention of the mediator, negotiate in good faith to resolve their dispute. Time shall remain of the essence in pursuing mediation, and mediation shall not exceed ninety (90) calendar days from the date the mediator is engaged, without further written agreement of the parties.
9. All proceedings involving a mediator are without prejudice, and, unless the Parties agree otherwise, the cost of the mediator must be shared equally between the Parties.
10. If a resolution is reached through mediation, the mediator shall provide a report documenting the nature and terms of the agreement and solutions that have been reached. The mediator report will be provided to each Party.
11. If after ninety (90) calendar days from engagement of the mediator, or longer as agreed in writing by the Parties, resolution has not been reached, the mediator shall provide a report to the Parties detailing the nature of apparent impasse and/or consensus.

Step 4: Arbitration

12. In the event that Mediation does not successfully resolve the dispute, the Parties agree to move to Arbitration within 30 calendar days of receipt of the mediator's report, including appointing an arbitrator within that time. If the representatives can agree upon a mutually acceptable arbitrator, arbitration shall proceed using that arbitrator. If the representatives cannot agree on a mutually acceptable arbitrator, each Party shall produce a list of three candidate arbitrators. In the event there is agreement on an arbitrator evident from the candidate lists, arbitration shall proceed using that arbitrator.
13. If the representatives cannot agree on an arbitrator, the Party that initiated the dispute resolution process must forward a request to the Minister of Education to appoint an arbitrator within 30 calendar days of the expiry of the time period in clause 12. Should the Minister of Education agree to appoint an arbitrator, the Parties agree to proceed using that arbitrator. Should the Minister of Education decline to appoint an arbitrator, then a request to appoint an arbitrator shall be made to the Court of Queen's Bench.

14. Where arbitration is used to resolve a dispute, the arbitration and arbitrator's powers, duties, functions, practices and procedures shall be the same as those in the *Arbitration Act*.
15. Subject to an order of the arbitrator or an agreement by the Parties, the costs of the arbitrator and arbitration process must be shared equally between the Parties.
