

Eucalyptus Essential Oil

Steam-distilled from the leaves of the *Eucalyptus globulus* tree native to Australia, Eucalyptus Organic Essential Oil (Globulus) delivers superior quality and unmatched versatility. Known as the "Fever Tree", Indigenous Australians people utilized Eucalyptus infusions to treat bodily discomfort, sinus congestion, and general wellness.

Today, Eucalyptus Essential Oil is celebrated for their aromatic, evergreen leaves, which yield an oil rich in active components known for their cleansing and refreshing properties. The organic Globulus variety has a crisp, clean, and camphoraceous scent with subtle hints of lemon or peppermint. Whether incorporated as an ingredient in eco-friendly, certified organic personal care formulations or used in aromatherapy, Organic Eucalyptus Essential Oil (Globulus) seamlessly aligns with modern wellness practices.

Botanical Name: Eucalyptus globulus

Plant Part: Leaves

Main Constituents: 1,8-Cineole (Eucalyptol): 60-80%, Alpha-Pinene: 10-15%

its sharp, camphoraceous scent with subtle sweet and woody undertones.

Blends Well With: Bergamot, Lavender, Lemon, Tea Tree, Peppermint, Cedarwood, and Rosemary.

BENEFITS

Purifying Skin Cleanser: Organic Eucalyptus Essential Oil (Globulus) is revered for its ability to cleanse and clarify. Its fresh, camphoraceous scent and natural cleansing properties make it a versatile addition to skin care formulations.

Refreshing Aromatherapy: Inhale the invigorating aroma of Organic Eucalyptus Essential Oil to promote mental clarity and relaxation. Ideal for diffusing in your living spaces and workspaces to uplift the mood and enhance focus.

Soothing Massage Therapy: When diluted with a carrier oil, the cooling sensation of Eucalyptus Organic Oil helps soothe tired muscles and provides a refreshing touch, leaving you feeling revitalized.

DIRECTIONS AND USES

- Invigorating Diffuser Blend: Add 3-5 drops of Organic Eucalyptus Essential Oil to your diffuser with water and allow the crisp and clean aroma to fill your space.
- Cooling Massage Oil: Combine 4-6 drops of Organic Eucalyptus Essential Oil with a tablespoon of carrier oil, such as sweet almond or jojoba oil. Gently massage onto tired muscles or joints to enjoy a soothing experience.
- Natural Face Mist: Mix 2-3 drops of Organic Eucalyptus Essential Oil in a spray bottle with water or facial toner and apply at the end of your skin care routine. This mixture can also be sprayed throughout the day to refresh the skin.
