1.   Engage with major topics and issues of European Studies.
2.   Analyze European issues from a multi-disciplinary perspective.
3.   Analyze international news in order to keep abreast of European affairs and to cross-check perspectives from country to country.
4.   Critically examine issues and arguments pertaining to European politics, religion, culture, society, economy and history.

Required Texts

David S. Mason, *A Concise History of Modern Europe*, 5th edition. New York: Rowman & Littlefield, 2022.

*Additional material will be distributed by the instructor.

Course Requirements

Students will be evaluated on the basis of the following criteria:

Total numbers of points: 100

Attendance:	10 points
In class participation:	20 points
Weekly written assignments:	50 points (10X5)
Exams:	20 points (2X10)

Mid-term & Final Exams

There are no mid-term and final exams for this course.

In-class participation

In-class participation refers to the active involvement of students in in-class discussions and their ability to respond to the instructor's questions.

Attendance Policy

Attendance is mandatory. Students will receive 1 penalization point for each class session they miss **unless a note from the Office of the Dean of Students is provided excusing the student's absence**. Penalization points will be subtracted from the students' grade for 'Professionalism'.

Only students who are in the classroom during the first ten (10) minutes of the class will count as being present.

If a student needs to leave the class early, s/he needs to inform the instructor. Students, who 'walk out' of class without doing so, will not receive credit for attendance and participation on the day or the class section in question and will be regarded as absent.

Weekly written assignments

Weekly assignments are short reports that critically engage with the topics presented in class during the week.

Students are required to write ten (10) weekly papers of length of approximately 500 words. Unless the instructor states otherwise, the deadline for submitting the weekly assignments will be each Tuesday at the beginning of class. Students need to submit hard copies of their assignments.

Late submissions will receive a 1.0 penalization point per day unless students submit the necessary documentation from the Office of the Dean of Students

Author's Guidelines

A hard copy of the assignment should be submitted in class. The assignment should include the student's full name, the word count, and the complete title of the assignment. The assignment should be typed in single space, justified and presented in Times New Roman 12 format. The author should use APA style.

Exams

Students are required to take two (2) written exams. Unless the instructor specifies otherwise, the exams will be taken in class using Blue Books.

Students with Special Needs

Students who need special assistance with note and exam taking should contact the course instructor within the first week of classes. However, those students should contact the relevant university office to obtain the necessary documentation before they meet with the course instructor. The instructor will do everything to address students' needs.

Course Evaluation

Toward the end of the semester, the online Student Perceptions of Teaching (SPOT) questionnaire (https://eval.scholar.vt.edu) will be used to gather feedback on particular aspects of the course

and instruction. I read and consider all student comments regarding the course and instruction. For example, power point slides are posted prior to class because feedback indicated that this would help students to organize their notes.

Honor Code

Students are encouraged to complete the Academic Integrity Success Module. It may be found at this link: https://canvas.vt.edu/enroll/CE7YK9

This module covers necessary information regarding Academic Integrity at Virginia Tech that students will need throughout their time as a student. This information includes our policies and the importance of academic integrity at Virginia Tech. Even if a student has completed the module in the past, a refresher is always helpful.

Syllabus Statement

The Undergraduate Honor Code pledge that each member of the university community agrees to abide by states:

> *"As a Hokie, I will conduct myself with honor and integrity at all times. I will not lie, cheat, or steal, nor will I accept the actions of those who do."*

Students enrolled in this course are responsible for abiding by the Honor Code. A student who has doubts about how the Honor Code applies to any assignment is responsible for obtaining specific guidance from the course instructor before submitting the assignment for evaluation.

Students are strongly discouraged from misusing sites such as Chegg and CourseHero, as well as misusing ChatGPT and other Generative Artificial Intelligence. Students are strongly encouraged to consult their faculty members regarding the use of such outside materials as the misuse of these sources may constitute a violation of the Honor Code. Ignorance of the rules does not exclude any member of the University community from the requirements and expectations of the Honor Code.

All university policies and procedures apply in any Virginia Tech academic environment, and all students are expected to follow them. For additional information about the Honor Code, please visit: https://www.honorsystem.vt.edu/

Honor Code Pledge for Assignments: The Virginia Tech honor code pledge for assignments is as follows:

"I have neither given nor received unauthorized assistance on this assignment."

The pledge is to be written out on all graded assignments at the university and signed by the student. The honor pledge represents both an expression of the student's support of the honor code and a commitment to uphold the academic standards at Virginia Tech.

If you have questions or are unclear about what constitutes academic misconduct on an assignment, please speak with me. I take the honor code very seriously in the course. The normal sanction I will recommend for a violation of the Honor Code is an 'F*' sanction as your final course grade. The 'F' represents failure in the course. The "*" is intended to identify a student who has failed to uphold the values of academic integrity at Virginia Tech. A student who receives a sanction of F* as their final course grade shall have it documented on their transcript with the notation "FAILURE DUE TO ACADEMIC HONOR CODE VIOLATION." You would be required to complete an education program administered by the Honor System in order to have the "*" and notation "FAILURE DUE TO ACADEMIC HONOR CODE VIOLATION" removed from your transcript. The "F" however would be permanently on your transcript.

Your written assignments may be reviewed through the University's plagiarism prevention and detection software called Turnitin- Feedback Studio, which is a resource designed to detect and prevent plagiarism. This software is a tool that works by cross-referencing submitted materials with journals, essays, newspaper articles, papers, books, the internet, and other literary works. Turintin-Feedback Studio does not identify all forms of plagiarism. The software also does not replace my judgement regarding what constitutes plagiarism.

Students enrolled in this course are responsible for abiding by the Honor Code. A student who has doubts about how the Honor Code applies to any assignment is responsible for obtaining specific guidance from the course instructor before submitting the assignment for evaluation. Ignorance of the rules does not exclude any member of the University community from the requirements and expectations of the Honor Code.

For additional information about the Honor Code, please visit: https://www.honorsystem.vt.edu/

All assignments submitted shall be considered "graded work" and all aspects of your coursework are covered by the Honor Code. All projects and homework assignments are to be completed individually unless otherwise specified.

Commission of any of the following acts shall constitute academic misconduct. This listing is not, however, exclusive of other acts that may reasonably be said to constitute academic misconduct. Clarification is provided for each definition with some examples of prohibited behaviors in the Undergraduate Honor Code Manual located at https://www.honorsystem.vt.edu/
