

AP Bedrock Test

Answer Sheet

This is the answer sheet! If you opened this file by mistake please close it and reopen the other link to take the test properly. If you are on the correct sheet, Continue down to the next page to check your answers and a brief explanation for each one.

BlooRedBoard

1) Which achievement is only available on bedrock edition?

C) Treasure Hunter - Treasure hunter is the only achievement currently not available on the Java edition of Minecraft.

2) The spawning mechanics for Bedrock have recently been documented by the community. It is shown that creatures spawn

D) In a sphere between 25-54 - During some testing respected bedrockers found that the new spawning mechanic spawns mobs in a sphere between 25 and 54 blocks away respectively.

3) How many different platforms support minecraft bedrock?

D) 7 - The current platforms that support bedrock edition are: Pocket Edition, Windows 10, Xbox One, Switch, Gear VR, Fire TV and Apple TV (Apple Tv was Discontinued but is still accessible if you already own it)

4) Which of the below platforms was never upgraded to support minecraft bedrock?

c) Xbox 360 - The Earlier consoles have not received a bedrock edition upgrade. This is believed to be an attempt to push pregen console users to the current gen.

BlooRedBoard

5) Which fact about mobs is only true for minecraft bedrock?

D) Parrots can dance on a player's shoulders - While Parrots can dance when listening to music in the java and bedrock version of the games, parrots will dance along while riding on a players shoulder in the bedrock edition of the game.

6) Which is not a setting you can control on minecraft bedrock? then list ones that apply for both and one that only can be changed on java

E) Shadows - In the java version of the game you can change your shadows settings to fit your pc's capabilities, they do not offer this setting in bedrock.

7)What blocks exclusively can be pushed by a piston in Minecraft Bedrock?

C) Bell - In the bedrock version of minecraft if a bell is placed on the ground, you can push it with a piston, however, in java this will break the bell.

8) What is the simulation distance on every Minecraft bedrock realm?

A) 4 - Every Realm is forced to keep the simulation distance to 4, however each player may still edit their render distance so they can visually see more.

BlooRedBoard

9) Which platform can reach the furthest (when placing or interacting with blocks)?

A) Android - On the pocket edition of minecraft you can actually reach farther than other versions of the game, while most versions allow you to interact with 5 blocks the pocket edition lets you reach 6.

10) What's the max mob cap for a minecraft bedrock world?

A) 200 - The total mob cap for bedrock worlds is 200 this affects all mobs.

11) What is something withers on Bedrock can do that they cannot on Java?

E) Spawn wither skeletons - When a wither reaches half health it will begin to spawn wither skeletons. This does not occur on the java version

12) Which of these splash texts do not appear in the java version of bedrock?

B) Haha, LEL! - This splash text is a spin to the java version of the splash text that reads "Haha, LOL!" A small change that references the alternative phonetic commonly used online

BlooRedBoard

13) Which of these blocks cannot use hoppers to insert items into their inventory on Java Edition?

E) Jukebox - You can use a hopper to place a music disc automatically into a jukebox only on the bedrock version of the game.

14) In Bedrock, Raid farms are as common as coal. This is because of a certain mechanic that makes their farms easier to make. Which Mechanic is that?

C) Pillagers only spawn on one block in the pillager outpost
- This mechanic has been a saving grace for making simple efficient raid farms on the bedrock platform

{You get half a point if you selected E) Because bedrock is better. Because I mean... YOU'RE RIGHT}

15) This mobs babies are exclusive to bedrock edition.

B) Squids - Baby squids do not occur in the java version of bedrock. They can be spawned naturally or with a spawn egg in bedrock. Another exclusive baby is the dolphin. Seriously go look they are adorable.

BlooRedBoard

16) Opening a book will show 1 side of the book at a time

B) False - On the bedrock version you can view 2 pages at a time in books, in java you only view 1 page at a time.

17) A boat will smelt 6 Items when used as a fuel in furnaces

A) True - when placed in a furnace a boat can smelt 6 items in java

18) The Bobber on a fishing rod is the same as on java

B) False - On bedrock the bobber is a 3d cube, but the java version features a 2d bobber.

19) Ravagers can break more crops, including netherwart.

B) False - This is partially true as ravagers do break more crops on bedrock edition, but netherwart is not included in this list.

20) Zombies will attack snow golems unprovoked

A) True - Zombies will not attack snow golems unprovoked in minecraft java.
