

Trusted Servant Profile: Addendum
(To be published in WA Wanderings)

Due: August 1, 2024

The Area is asking all potential candidates for service to fill out a Trusted Servant Profile as well as write a paragraph highlighting any additional qualifications they possess in order for the assembly to make an informed decision on selection of officers at Fall Assembly. The following questions may be helpful to get you started, but answering these *specific* questions is not required. Candidates may also choose to read this at Fall Assembly, where each candidate will have two minutes to share (thus the 250-word limit).

What do you regard as the highlights of your Al-Anon/Alateen service work?

What has been the value of service work in your recovery?

What additional skills/talents/qualifications do you possess that would benefit the position(s) you are applying for?

What do you hope to accomplish?

Good luck to all!
