

This is a complete document that contains a full list of all the people that have supported me while creating my projects.

If you enjoy using my projects, maybe consider showing your support with a small donation so I can continue making things for a long time to come? Any and all support is greatly appreciated. Even just downloading one of my projects or giving me feedback motivates me to continue moving forward with updates.

If you're interested in supporting me, you can do so via [Ko-fi](#) or [Patreon](#).

**Thank you to the following
people for their support!**
