

Just One Kiss

Just one... Just one

Just one... Just one

Don't turn away, don't close the door

I couldn't take it

We've gotta find out for sure

Before there's no turning back

If this is a start of the end of the road

I've gotta ask before you go

Chorus

If I could have just one kiss (just one kiss)

If that's all it is, I'll know that is over

If I could have just one kiss (just one kiss)

If there's something more

We could start over

If I could have just one (just one) kiss

Just one (just one)

If I could have just one (just one) kiss

Just one (just one)

I've been a fool standing by

Watching it come to this

But now I'm here to stand and fight

For all the promises

If this is a start of the end of the road

I won't look back, I'll let you go

Chorus

If I could have just one kiss (just one kiss)

If that's all it is, I'll know that is over

If I could have just one kiss (just one kiss)

If there's something more

We could start over

If I could have just one (just one) kiss

Just one (just one)

If I could have just one (just one) kiss

Just one (just one)

We don't have to find a way forward

We just have to find what we missed

So what if we look like we're crazy

For hangin' it all on this

Don't turn away, don't close the door

Chorus

If I could have just one kiss (just one kiss)

If that's all it is, I'll know that is over
If I could have just one kiss (just one kiss)
If there's something more
We could start over

If could have just one (just one) kiss
Just one (just one)
If I could have just one (just one) kiss
Just one (just one)

Oh oh oh oh
