

The codes for tabs across the top, down the sidebar and anything else

```
<a href="http://kimboscrafts.blogspot.com/" target="_blank"></a>
```

Copy and paste it as many times as needed.

Remember: Change the green to the link and the blue to the direct link of the picture.

```
<a href="http://kimboscrafts.blogspot.com/" target="_blank"></a>
```

And the button code

(I underlined what needs to be changed)(and the girl and a glue gun you can change to your blog name)

```
<div align="center">  
<a href="http://kimboscrafts.blogspot.com/" target="_blank"></a> </div>  
<div align="center"><form>  
<textarea rows="6">&lt;a href="http://kimboscrafts.blogspot.com"  
target="_blank"&gt;&lt;img alt="A girl and a glue gun"  
src="http://i842.photobucket.com/albums/zz342/kimbowest/Grab_button150.png"  
&gt;&lt;/a&gt;</textarea>
