

Privacy Policy – Wheya

Last updated: September 12, 2025

We value your privacy and are committed to protecting your personal information. This Privacy Policy explains what data we collect, how it is used, and your rights regarding your information when using the Wheya app.

1. Information We Collect

When you use Wheya, we may collect the following information:

- **Sign in with Apple Information:** Your name and profile photo provided through Apple's authentication system. We do not collect or store your email address.
 - **Location Data:** Your real-time location is collected only when you join or create a meetup, to display estimated arrival times (ETA) and the meeting point for participants. Location sharing stops automatically for all members when the meetup is finished or deleted. Location sharing also stops for a particular member when they click the "I'm here" button.
 - **Profile Photos:** You may choose to take or upload a profile photo using your device's camera or photo library. This is optional.
 - **Motion Data:** Motion activity information may be used to help improve ETA estimates (e.g., whether you are walking or driving).
 - **Support Inquiries:** When you contact us through our [Support Contact Form](#), we may collect your name, email address, and the content of your inquiry.
-

2. How We Use Your Information

The collected information is used solely to provide and improve the app's core features, including:

- Creating and managing your account through Sign in with Apple
- Sharing your location with other participants during active meetups
- Displaying estimated arrival times and meeting points

- Allowing you to personalize your profile with a name and photo
 - Responding to user inquiries and providing user support
-

3. Data Storage and Sharing

- Your data is stored securely using **Apple's CloudKit/iCloud infrastructure** and your local phone's storage.
 - We do not sell, rent, or share your personal information with third parties.
 - Data is only accessible within the app for its intended features and for responding to support inquiries.
-

4. User Control

- You can stop sharing your location at any time by disabling location services in your device settings or by deleting a meetup.
 - Profile photos are optional and can be changed or removed at any time.
 - You may revoke Sign in with Apple access from your device settings.
-

5. Third-Party Services

Wheya relies on the following Apple services:

- **Sign in with Apple** (for authentication)
- **iCloud/CloudKit** (for data storage and syncing)
- **Apple Map** (for displaying maps and calculating routes/ETA)

We do not integrate with or share data with any other third-party services.

6. Privacy Inquiries

If you have any questions about this Privacy Policy or how your data is handled, please contact us through our [Support Contact Form](#).

7. Changes to This Policy

We may update this Privacy Policy from time to time. Updates will be posted within the app or on this page. Please review it periodically for the latest information.
