

Thoughts on [Verkada](#) Presentation

- First hand experience with Verkada?
 - Pros: Very user friendly
 - Cons: cost!- Devices are no good without a subscription.
 - Total Cost of Ownership
- What else are we using?
 - Sec Camera
 - Door Access: Johnson control, Pure Access
 - Building Sensors
 - FlySense: instance based cost, not immediate notification
 - Alarms/First responder alerting

Area schools using Verkada:

Other topics:

-What brought you here today, and how do we get more people involved in the future?

-Cybersecurity:

-Any Quotes surprise you this year at a high or low price point?

-AI in the schools?

How are your schools responding?
