

Brian Tracy - Achievement in Action

Motivational expert Brian Tracy teaches all steps necessary to succeed in today's world

Go ahead, dream big dreams. Then let Brian Tracy show you how to make all those dreams come true through his Achievement in Action DVD.

It's not wishful thinking...it's the psychology of achievement. The mindset Brian has spent his entire career researching.

It's a way of thinking and taking action that leads you inevitably to the achievement of the goals you pursue.

In this fast-paced inspirational seminar, Brian presents clearly and precisely an outline for taking yourself beyond your dreams to the accomplishment of every goal you set for yourself.

You'll learn how to use "blue-sky" thinking to creatively project yourself into the future, then how to plan backwards until you create the path to your goals. You'll also learn to:

DEVELOP your unique talents and do what you love.

PRACTICE the habits of achievers.

DREAM your plans, and plan your dreams.

WORK on the highest value, highest payoff tasks.

ACCEPT complete responsibility for achievement.

OVERCOME fear of failure.

BECOME an unshakable optimist.

Let Brian become your success mentor, and you'll find that the more you watch this program, the more you'll get out of it. And the further you'll get toward total achievement.
