Recovering The Nativity and Tri-Smart Christmas

Introduction: Post or send out our Recovering Christmas Flyer/Poster.

This document presents several options for obtaining (making) Nativity Sets and including the Nativity in your Christmas Celebrations. Pages 2-4 present pricing for Laser Cut Nativities and how to buy online. Other pages are projects you can do and other resources. Also see How Your Organization Can Participate in Tri-Smart Christmas and Tri-Smart Christmas.

Where to get Nativity Scenes:

You can purchase a Tshirt ($10 or $11) with the above image on it at the **Spruce Grove Farmers Market.** You can get Advent and Nativities at various prices at A Gift of Faith Store in Stony Plain. There are more laser cut Nativities at the **Stony Plain Farmers Market.** Go to an Advent Mass at Holy Trinity Church and receive a free nativity ornament. You can buy online , see next page.

Order Laser Cut Nativities Online.

Order online and pick up for your organization at the Stony Plain or Spruce Grove Farmers Markets, Beyond Graphics or All Preshush Jewellers.

If you order online, you support our Recovering Christmas Projects and some people can get discounts see below.

To order online send an e transfer to factsc@gmail.com no password needed. If you are ordering for a Nativity Display or to sell at a Graft Sale, you get Student Discount plus 10% on orders over $30. Specify what you are ordering and where you want to pick up your order as follows:

Nativity Set Regular $15 Student/Senior Discount $12

Tree ornaments Regular $9 Student/Senior Discount $7. Specify the Ornament #.

3D Ornament Discount $6

Draw Your Own Nativity.

For this project, you are encouraged to **draw, colour, and label** your own Nativity scene. The diagram below identifies the main characters and animals for your scene. You can do a google search for other nativity scenes to inspire your drawing.

Templates and Cardboard Projects

Use our Template to Cut and Paste your Own Nativity on a piece of paper or on a cereal box. Or print or buy preprinted card stock sheets for 79 cents per sheet. (Email taylor@beyondgraphics.ca or phone 780-962-1744). The template can be used for scroll saw projects see next page. Click here for Cardboard project example, extra figurines etc..

Recovering the Nativity: Environmental and Industrial Art Project #1

Our Goal: To create a meaningful nativity scene using recycled materials, blending environmental awareness with industrial art skills. Students in **Art** and **CTS** (Industrial Arts) classes may be eligible to receive credit for their participation.

How to Get Started

This project is facilitated by the **Tri-Smart Christmas** (Go to FACTnet.org to Get the link) email factsumc@gmail.com for more information.

You Will Need:

- A Scroll Saw
- Recycled softwood (pine, etc.)
- Click here for project pattern

IF YOU HAVE PINE OR OTHER SOFTWOOD TO DONATE TO THE PROJECT, PLEASE LET US KNOW!

Laser cutouts are available from:	Need Help? Contact our partner:
