Description: [260]

Circles is an app that combines real-time updates, geofencing & instant SOS alerts to keep your loved ones safe. Whether connecting with family or tracking friends, this ultimate GPS tracker ensures security & peace of mind, no matter how far apart you may be.

First comment:

Excited to introduce Track with Circles on Product Hunt! 🚀

What is it? A smart app that lets you stay close to your loved ones through real-time GPS tracking, geofencing, and instant SOS alerts. Whether you're a parent, a traveler, or simply value peace of mind, Circles has got you covered.

Why we built this? We know how important safety and connection are in today's fast-paced world. This app was designed to make family and friend coordination effortless while prioritizing security.
