

AscendTech — Excel Training & Support Packages

Build skills that build your career.

Beginner Boost

For: New learners or those returning to Excel after a break

Goal: Build confidence and core skills from the ground up

Includes:

- ✓ 3–4 tailored 1:1 sessions
- ✓ Hands-on practice with formulas, formatting, charts, and navigation
- ✓ Personalized guidance and real-time feedback
- ✓ Session recap notes and optional support between calls

Pricing:

€140 package (4 sessions)

or **€40 per session**

Certification Track (Associate / Expert)

For: Professionals aiming to pass the official Microsoft Excel certification

Goal: Develop exam-ready skills with practical coaching

Includes:

- ✓ Structured plan based on the certification syllabus
- ✓ Mock exam-style tasks & review
- ✓ Practical use cases, not just theory
- ✓ Optional CV & LinkedIn boost for post-cert positioning

Pricing:

€190 package (5 sessions)

Add-on: CV or LinkedIn proof-of-skill support – €50

Fix & Teach (Audit & Clean-Up)

For: Clients with messy or broken Excel files

Goal: Clean, streamline, and understand your spreadsheet with expert guidance

Includes:

- ✓ Full spreadsheet audit & clean-up
- ✓ Live walkthrough of fixes and logic
- ✓ Optional optimization and automation ideas
- ✓ "Before vs After" breakdown

Pricing:

€50 per file/session (based on complexity)

or **Custom Quote Available For Complex Needs**

Tailored Refresher / Guided Learning

For: Intermediate users or returners needing a confidence boost

Goal: Targeted skill-building or mini curriculum over 1–3 sessions

Includes:

- ✓ Skills check + custom learning plan
- ✓ Real-world examples
- ✓ Flexible structure based on client needs

Pricing:

€40 per session

or **€140 (4-session pack)**
