## - Fail Roleplay -

Spawn Killing - Killing people once they've spawned in

Flipping During Pursuits - While in a pursuit, using the flip button when overturned

Leaving/Resetting to Avoid Arrest - Switching Teams, Leaving, And resetting while in cuffs, a shootout, or pursuit

Disregardment of roleplay - Ignoring of a roleplay

- Officer pins a subject, Subject ignores being pinned

Fake Tools - Using tools not in your toolbar, But in your imagination.

Spawn Camping – Inflicting harm towards others that come out of spawn 2 times within 5 minutes

Item Holdment While cuffed – Holding an item from your toolbar while cuffed

Water Evasion – Intentionally jumping into a body of water to evade/avoid arrest

- Exceptions, Lakes/Ponds

Height Evasion – Jumping from 2+ stories to avoid LEO, then proceeding, ignoring the RP

Disregardment of tasers – Jumping or using a tool while tased

New Life Rule – Charges before someone was killed may not affect them after they've respawned, except warrants placed on their behalf

Stealing Glitched Vehicles – Stealing Glitched LEO vehicles

- Flip abusing onto the Sheriff's Office to get a LEO vehicle when it has glitched

Repeating Of A Crime – Committing a felony after 10 minutes after you died. So you can not redo the same crime after you just died within 10 minutes.

Cuff sniping – A officer, with cuffs may cuff snipe if they are FRP, but they MUST have proof to back it up otherwise it may make you look like your FRP.

Coming back to a scene – If you come back to a scene of where you died at, you may NOT return, as that is FRP. You may return, when that scene/roleplay is done at that place.
