Long Answer

What is your motivation/reason for applying?: * I recently have alot more freetime due to life related reasons and started to play on diverge again. I loved my time as a former staff member and the staff team always treated me right.

Why should you be considered over other candidates?: * Former staff member, I'm an organized person and unbiased. I have extensive staffing experience, including previous nut script gamemodes like Claymore Gaming, Mobster Paradise, and Coursant RP. I know the ins and outs of the server.

Do you have any previous staffing experience? (Please list where, what position and how long):

Diverge: Administrator

Project Drex: Head Developer

Moonlightgaming.co : Community Manager | Developer

Icefuse Networks: Head Admin : Military RP : Clone Wars : City RP

Claymore Gaming Co.: Senior Moderator : Nutscript Serious Fallout RP

Odyssey : Staff Manager

Mobster Paradise : Administrator - Under Calloway

Have you been banned before on any of our servers? If so, why?: N/A

Would you say that you are well known in our community, what's your reputation, what do other members think of you?: * I think everyone that knows me on the server thinks I'm a chill guy. The 14k triad has treated me very well. My interactions in the server have all been positive, never having to personally call a staff member for a breach of rules only for being stuck or etc. Currently I have no problems with anyone and people seem to have fun when I'm around.

Have any staff members recommended you? If so, list their names: N/A

Problem Solving

Someone RDMs and you are currently off-duty. How do you handle this?:

- Switch on Duty if current staff isn't handling it already.
- Pick up the accused and take them away to sit
- Tell them the situation and hear what they have to say
- Logs > Witnesses > Decision > Discuss > Action (Punishment)

You have seen a fellow staff member of higher or equal rank than you abusing fairly often, but never doing anything too noticeable. What do you do?: Report to a higher Staff or one in corresponding authority to deal with the situation.

A very good friend of yours joins the server. Over the course of an hour, you've received multiple complaints about them not following rules, RDM'ing, and minging. How do you proceed knowing this can affect your friendship with them?: BAN.

Akuma
