---

**Whereas** We will soon want to commit to a third social policy to complete; and,

**Whereas** The Aesthetics tree has strong synergy with our playstyle and the Celtic Civilization's unique Ceilidh Hall building;

**Therefore, be it resolved:**

## Section 1: Additional Policies

1. The President or Streamer shall, upon completion of the Liberty social policy tree, adopt all policies in the Aesthetics tree as they become available unless law provides for alternatives.

## Section 2: Infrastructure

1. The President or Streamer is strongly encouraged to construct Amphitheatres and Ceilidh Halls in all Celtic Cities.
