

Engaging **L**earning **E**xperiences for **O**ntario (**ELEO**) gets kids excited about learning through engaging, hands-on and minds-on experiences. For over 20 years, kids have been dazzled and entertained by our Mad Science® programming.

Get kids excited about learning with:

- ❖ Science Shows for large audiences (25+)
- ❖ Hands-on Workshops for individual classrooms
- ❖ Fun Fair Booths for community night
- ❖ Science Clubs for extracurricular enrichment at no cost to the school

Science Shows - \$285

Get kids excited about science with 50 minutes of high energy demonstrations and humorous antics. A variety of themes are available. 30min version is available for \$250.

Hands-on Workshops

Mad Science® workshops explore a specific topic in science with interactive demonstrations, hands-on activities and Mad Science® take-homes for each child. Curriculum specific topics as well as 'just for fun' topics are available.

50-60 Minutes	100 Minutes
\$180	\$200

Pricing includes up to 20 participants, +\$4 for each additional

Fun Fair Booth

Mad Science will provide a 2 hour hands-on booth for your community night, BBQ or Fun Fair. We can also provide fundraising assistance by incorporating a 'make & take' element to the booth by selling Slime.

COST: FREE for Science Club Partner Schools, \$100 for non-Partner schools

Science Clubs

Extracurricular Science Clubs provide 6-weeks of science enrichment programs that let students explore a different hands-on topic in science each week at lunch, nutrition break or after school. Schools provide the space, Mad Science takes care of registration, classlists and programming and well as a Free Science Show for the whole school

COST: No cost to the school as families of participating students pay for enrolment (scholarships are available to ensure that no student is left behind due to finances)
