Dear EGEA,

The call for all Regional Congresses 2024 is officially OPEN!

As you know, this year's West Regional Congresses will be hosted by EGEA Bamberg, EGEA Berlin, EGEA Halle and EGEA Jena in Germany. East Regional Congress will be organised by EGEA Cluj Napoca, EGEA Iasi, EGEA Timisoara and EGEA Bucharest in Romania. North & Baltic Regional Congress by EGEA Tartu in Estonia and Euromed Regional Congress by EGEA Zagreb in Croatia, but we now need to think ahead and arrange by whom and where they shall be hosted next year!

The Regional Congresses are an amazing opportunity for your entity (or in collaboration with other entities), to host a large-scale, entertaining and scientific event, which will leave people with great memories. If your entity is up for the task then please ensure your application contains the following elements:

- Topic of the congress
- Scientific background and possible input
- Possible dates and location*
- Introduction of your team's members
- Your motivation
- Estimated number of participants*
- Outline of the program
- Potential sponsors and cooperations
- Anything else you wish to include that is relevant

**There are certain regulations to take in mind. The number of participants should be at least 50, excluding Orga team members. The date of the congress has to be between the second half of February and the first half of May.*

The deadline for sending in your application is the 27th of March 2023!

You are not alone when planning and you can ask for help from your lovely regional teams and other past event organisers who can offer you advice and guidance.

If you have any questions regarding the event or what your application should include, do not hesitate to contact us by mail (east@egea.eu, west@egea.eu, euromed@egea.eu, north_baltic@egea.eu), messenger, WhatsApp, owl, smoke signal or even telepathy for the more gifted.

We know that the whole region is looking forward to your application!

Much love,

The Regional Teams East, West, Euromed and North&Baltic
