What is Milk with Dignity?

Milk with Dignity is a program created by the Migrant Justice organization, emphasizing migrant justice and the rights of migrant farmworkers originating in Burlington, Vermont. After conversations with Migrant Justice, we were directed by the group to support their campaign to have Hannaford sign onto Milk with Dignity! We are excited to be following the direction and standing in solidarity with farmworkers in Vermont. Recently, it has come to light that the Goodrich Family Farm, where Middlebury sources its energy from, has a history of labor misconduct, including withholding wages and unsafe living conditions. So, as we do this work to support the Milk with Dignity campaign at Hannaford, we must acknowledge our complacency in this perpetual system of harm and human rights violations.

"The mission of the Milk with Dignity Standards Council is to monitor the development of a sustainable dairy industry that advances the human rights of farmworkers, the long-term interests of farmers, and the ethical supply chain concerns of consumers and retail food companies through the implementation of the Milk with Dignity Program. The Program's unique problem-solving approach brings farmers and farmworkers together and ensures compliance with workers' human rights in participating dairy supply chains."
