

Privacy Policy

Last updated: June 24, 2026

Reefquiet ("we", "our", or "us") operates the Nexfy Launcher mobile application for Android TV devices (the "Service"). We are committed to protecting your privacy. This Privacy Policy explains how we handle information in relation to our Service.

1. Information Collection and Use

Nexfy Launcher is designed with privacy in mind. We do not collect, store, or transmit any personal data or personally identifiable information (PII) to our own external servers. All user configurations, interface preferences, and application settings are stored locally on your device.

2. Third-Party Services

To provide specific functionalities and maintenance, our Service utilizes trusted third-party SDKs provided by Google. These third-party services may collect information used to identify you in accordance with their own privacy policies:

- Google Play Billing Services: Used to process secure one-time in-app purchases for premium features. Google Play handles all transaction details and financial information securely. We do not have access to your credit card or payment information.
- Firebase Crashlytics (Google LLC): Used solely for crash reporting and stability monitoring. If the application crashes, anonymous technical data (such as device model, Android OS version, and the stack trace of the crash) is collected to help us debug and improve application performance. No personal information is included in these reports.

You can review Google's Privacy Policy here: <https://policies.google.com/privacy>

3. Internet Permissions and Data Usage

The Service requires internet access to perform core features such as providing weather updates or processing in-app purchases. Any data fetched from the internet is processed directly on your device and is not collected or shared by Reefquiet.

4. Children's Privacy

Our Service does not address anyone under the age of 13. We do not knowingly collect personally identifiable information from children. Since we do not collect personal data from any user, no children's data is stored or processed.

5. Changes to This Privacy Policy

We may update our Privacy Policy from time to time. We will notify you of any changes by posting the new Privacy Policy on this page and updating the "Last updated" date at the top.

6. Contact Us

If you have any questions or suggestions about our Privacy Policy, do not hesitate to contact us at: reefquiet@gmail.com
