August 2021–Present, Pursuing a degree in Emergency Services with a Disaster Management Emphasis and a minor in Spanish Interpretation/Translation.

OTHER/SERVICE

Fire Science: I aided the January–May 2021 Fire Science course at JATC. In this position, I created/directed workouts, taught course material, tested skill proficiency, encouraged the students, provided support to struggling students in and outside of the classroom, and wrote exams.

Chile: I lived in Chile from June 2022–December 2023, learning the Spanish language, practicing the art of communication and how to develop meaningful connections, and how to love and serve everyone.

Spain healthcare: In May–June 2024, I lived in Sevilla, Spain, working as a hospital intern. I went with the goal to learn medical Spanish to be able to serve all of my patients. I achieved this, also expanding my knowledge on various medical topics. I also explored the differences between our
