

Citibike brainstorming

Questions we can answer with this data all by itself

- What time of day are the fewest bikes available?
-
-
-

Questions we could answer if we joined this type of data to other publicly available data

- How many more bikes are available on days below 20 degrees than on other days?
-
-
-
-

The data you brought

Amanda - [What's happening to Obamacare premiums](#)

Olivia- [The percentage of 4-year-olds enrolled in state-funded preschool education programs by state in 2013](#)

Alicia - [Median Household Income in every county in the US](#)

Adrian- [UFO Sightings in California and California High School Graduation Stats](#)

Julia: [Pre-natal care births in California 2008-2012](#)

Allison: [Total hours of sunshine vs. Usage of solar energy by state](#)

Anna: [NYC Restaurant Inspection Results](#)

Danielle: [Deaths in police custody by state](#)

Kavitha: Percentages of educational attainment by county
