

## AMP Meeting 1: Internship and Resume Advice

### Internship:

- When did you begin to search for internships?
- How do you recommend preparing for an internship?
- What can I do to increase my chances of getting an internship?
- If you've interned at startups and corporations, which did you prefer and why?
- Are there alternatives to internships that you would recommend or have experience with?
- How do I succeed at an internship and get the most out of it?
- Does the company you work for currently offer internships? If so, do you know what the process is for applying and what internships are like at your company?
- How do I prepare for an interview?

### Resume:

- Can you review my resume?
- What can I do to make my resume better/stand out/more relevant/concise/etc?
- What would you say are the biggest mistakes you can make with your resume?
