**The Magic Basket**

A mother and her little son lived in a little house. They were very poor. All they had was a grey goat. One day the mother said, "We have no money, we have no bread. You must go and sell the goat". The boy took the goat and went to the town. He met a farmer with a large basket in his hands.

"Sell me your "goat", said the farmer.

"What can you give me for it?" asked the boy.

"I can give you this basket", said the farmer. "I don't need this basket".

"My little girl is ill", says the farmer. "She must drink some milk from a grey goat every day or she will die".

The boy was kind. He gave his goat to the farmer, took the basket and went home. When he came home, he put the basket on the table and showed it to his mother.

The mother looked at the basket and said "What good is this basket for us?" But suddenly the basket jumped from the table rolled around the room and stopped. The boy and mother saw that it was full of food. It happened every day that the family had something to eat.
