All students in DL (3-5), in-person (K-2), or VLS start with their new teacher on Mon 2/1. Teachers will reach out to families to introduce themselves to the new class the week of Mon 1/25.

Art instruction with Courtney Oleen has begun. She's been joining some classroom morning meetings. Mon 2/1, art instruction will be in-person. Virtual classes are TBD.

Art, Science, and Music specialist instruction will occur in the main student classroom. Phy Ed will be held in the gym. Specialists will teach to in-person and VLS students. Services like ELL and speech therapy will continued to be offered by current instructors to in-person and VLS students.

There will be a new attendance policy once in-person starts, for example: a student in in-person learning is staying home due to a cough or quarantine, the student, if well to participate in learning, can be tracked as present versus absent and participate in lessons that teacher will post online.

- B. Tentative staffing plan: See notes in A above.

- C. Tentative arrival and dismissal plans - get input

1. Volunteers for arrival

School patrols will be available to assist, but not by Mon 2/1.

D. Teacher outreach to newly assigned students/families: See notes in A above. Request to do a hand-off to help alleviate student anxiety – if a student is getting a new teacher, can the student get a nice send-off from initial teacher and meet/greet with the new teacher.

E. Kindergarten families outreach and information
