Personal statement

Multidisciplinary UX/UI Designer with **4+ years of experience** designing and managing **40+ digital products** from concept to launch. Proven ability to **reduce developer time by up to 30%** through clean design structures, design systems, and smart workflows. Strong background in both design and programming, enabling deep collaboration between business, design, and tech teams. Passionate about user-centered design and delivering business value through seamless user experiences.

Employment History

Team Lead UI/UX Designer, XCDM.ai (02/2025 - Present)

- Led UX/UI design for **5+ AI-powered products** from scratch
- Managed and mentored a cross-functional design team, improving workflow efficiency and design quality
- Collaborated closely with product managers, developers, and clients to deliver intuitive, scalable interfaces
- Created a design system that cut design-dev time by **30%**

Team Lead UI/UX Designer, IMB Holding (07/2024 - 03/2025)

- **10+** successful projects
- Worked in logistics, business automation, tourism, and e-commerce sectors.
- Leading the design team and overseeing product design and development.
- Increased company employees' working efficiency and productivity by **2x**
- Conducted analysis and A/B testing to improve user experience.
- Managed design processes and collaborated effectively with team members.

Product Designer, URFAN (03/2023 - 07/2024)

As a product designer, I worked on improving the CRM & LMS platform, adapted to the educational sphere, to make the process easier for teachers, staff, and students.

- Redesigned the LC-UP CRM & LMS platform, increasing user engagement by 25% and reducing drop-off rates by 18%.
- Developed a design system, improving efficiency and consistency.

Software Engineer, By Web Media (01/2023 – 08/2023)

- Wrote clean, clear, and well-tested code for various projects.

- Developed **web and mobile** applications
- Managed databases with strong SQL skills. Developed and tested REST APIs
- Delivered **frontend and backend** development across **mobile and web applications**
- Led a team of developers to analyze and rebuild the application from the ground up to completion

Graphic Design Mentor, IT Park (11/2021 - 01/2023)

- Implemented proven methods to overcome common barriers to learning.
- Used illustrative activities to help students explore concepts.
- Assigned homework assignments and special projects for students to demonstrate knowledge of the subject material.
- Designed learning plans tailored to individual needs. Provided in-depth feedback and constructive criticism of students' work.
- Developed engaging marketing and promotional materials to generate revenue and grow client bases.
