

Dear Parents and teachers,

As a part of the martial arts experience, we want to make sure that every student is receiving the best life improvements as possible. To make sure this happens, we want to make sure that every child is doing well, not just here at their martial arts school but at home and school as well. In order to help support you, every student is welcome to have these forms completed by both their parent/guardian and a teacher.

With Respect,

Guidelines: Please respond honestly for the following areas for improvement that are provided below.

A 10 is PERFECT, our philosophy is that a 10 gives us very little room to grow. Please help us get an understanding of how to help our students become more well-rounded individuals.
