

August 3, 2025 - welcome pathmaja maam...

introduction

Ayubowan, Vanakkam, Namaste, and a very good day to everyone.

Today, I am your host on behalf of the International Association for Quality Education.

The International Association for Quality Education is a non-profit international organization working with educators across the globe to enhance the quality of education and contribute to achieving the Sustainable Development Goals.

The *International Project for Capacity Development in Education* has been implemented alongside the *International Conference Series on Quality Education*.

This international project serves as a platform for education professionals to share best practices, research findings, and competencies with all stakeholders in the field of education. Additionally, the platform acts as a virtual learning space for young educators to acquire new knowledge and grow as professionals in the education sector.

Today, we are honored to have a very special speaker with us — Mrs. Akshata Shetty - **Ma’am** from India.

She is Working in Jindal vidya mandir in mumbai

Today, she will be discussing the topic “*Learning in Early Years*”

I believe this will be a very engaging and relevant topic for all of us.

Namaste, Ma’am.

I would now like to warmly invite you to begin your session.

Before that, I would like to invite indo sri lanka education ambassador Dr Rashmi thayagi maam to introduce today speaker

Namaste, Dr. Rasmi Ma’am.
