

Update:

Oct. 25th Event Update/Correction - Suzie has indicated MBYC members should meet at Mala by the Keiki sailing shed on Saturday (Oct. 25th), 9:00 AM (not Baby Beach). Please RSVP (text) as indicated to Suzie (808-283-3035) so she can get an idea of the number of Bytes. Please contact her for additional information.

MBYC Members - On October 4th our fearless Commodore (Suzie) and several members (Mahalo) went to our storage site in Launiupoko, and dusted off and rigged a couple of the recently acquired Byte dinghies (see photos). It's time to take some of these Bytes out to sail. So, on Oct. 25th (starting at 9:00 AM) please join us at Baby Beach (south of the old historic Mala Wharf) to help (learn) rig and sail these fun little dinghies. Please bring your own life jackets (or PFD), sailing gloves, etc. Mala Wharf is also a great snorkeling area. We need members interested in joining us to RSVP to Suzie (808-283-3035) so she'll know how many Bytes we should bring. Support members are also needed for the chase boat (whaler) and beach launching even if you don't plan/want to sail. Hope to see everyone on Oct. 25th (it's a Saturday).
