

I, We, Ya'll, You

Expected Skill Outcome- to demonstrate independent mastery

Grade Levels- 2-12

Subjects- science, social studies, math, English

Materials- paper and writing utensil

This strategy incorporates modeling to promote mastery.

I= Teacher models problem/skill.

We=Teacher leads the solution as students join in the process.

Ya'll= Students work with others to solve a similar problem.

You= Students solve the problem independently.
