

## Magna

Magna is a coats-on experience. Please wear clothes suitable for outside temperatures.

All visitor areas of Magna are accessible via lifts and walkways.

**Cochlear Implants:** Electrostatic fields can affect cochlear implants. There are low electrostatic fields in our Fire level lift lobby. If you are concerned that this may affect you, please contact Magna in advance of your visit so we can plan appropriately.

### Changing Places and Accessible Toilets

We have disabled toilets and baby changing facilities in:

- Red Hall/Refuel Café
- Earth Pavilion
- Sci-Tek outdoor play area

We have a Changing Places facility in our Red Hall that can be accessed using a RADAR key. This includes:

- Height adjustable bed (adult-sized)
- Ceiling track hoist – you will need to provide your own sling for the hoist
- Height adjustable basin and mirror
- Centrally placed toilet
- Portable privacy screen

This facility can be used by anyone needing it. Please ask a member of staff if you require assistance. Changing Places Toilets ([changing-places.org](http://changing-places.org))

### Guide Dogs

We allow assistance/guide dogs. Due to the busy nature and cold environment of Magna, we do not allow access with any other animals.

### Parking

Parking is free. We have spaces for over two hundred cars including disabled parking.

Disabled car parking spaces are located near the front entrance. Pedestrian access is available from Sheffield Road.

### First Aid

Trained first aiders are on site during the day. We have first aid kits available in all areas inside and outside the building.

We have 2 defibrillators on site. One is located at our main reception desk. One is in the Big Hall. Both have adult pads.

## **Quiet Areas**

If you require a quiet area for any reason during your visit (for example: for prayer, breast feeding, sensory overstimulation etc), please ask a member of staff for assistance and we will find a space for you.

If you have any other queries regarding accessibility, please contact us at [info@magnatrust.co.uk](mailto:info@magnatrust.co.uk) or 01709723109.
