Declaration Vietnamese Nationalist Party Supporting the demonstration in China

1. In the past few days, Chinese citizens have taken demonstration to protest against the "zero-Covid" policy of the Chinese Communist Party.
2. The protests took place in Xinjiang, Zhengzhou, Guangzhou, Shanghai, Beijing, Tianjin, Xi'an, Wuhan, Hong Kong, Chongqing...
3. Many students joined with the masses to participate in demonstration. Initially against the "zero-Covid" policy, it spread with slogans mixed with slangs of "Liberty", "Down With Xi Jinping!", "Down With The Communist Party!" and "Freedom for Xinjiang!".
4. Realizing that the above demands of the Chinese people are completely legitimate, it shows the strong will of citizens to stand up to deny a totalitarian regime that oppresses the people and destabilizes the world.
5. The Vietnamese people are under the totalitarian dictatorship of the Communists and should stand up like the Chinese people for freedom to your country.

The Vietnamese Nationalist Party strongly supports the Chinese people whose courage has been demonstrated. We hope that the 1.4 billion Chinese people

will soon fulfill their aspirations of dismantling the Chinese Communist Party's rule in order to bring freedom and democracy to the country.
