Grade Level/Content	VPA- 03-26-2024
Time	2:05 pm
Location	113
Attendance: Special Activity teachers	

1. **Welcome and Introduction**
   - Brief introduction of attendees
   - Overview of the purpose of the PLC meeting
2. **Review of Behavior Interventional Plans (BIPs)**
   - Presentation and discussion of current BIPs implemented for students with behavior problems.
   - Review of effectiveness and challenges encountered.
3. **Sharing Best Practices**
4. **Analysis of Student Data**
5. **Collaborative Problem-Solving**
6. **Professional Development Needs**
7. **Next Steps and Action Items**

- Mr. Fernandes presented an overview of the current Behavior Interventional Plans (BIPs) in place.
- Discussion ensued regarding the effectiveness of these plans and any challenges encountered in implementation.
- It was noted that additional support may be needed for some students, particularly in terms of consistency across classrooms.
- Attendees shared successful strategies and interventions used in their classrooms to address behavior problems.
- Resources such as visual supports, behavior charts, and positive reinforcement systems that were presented in prior meetings were highlighted.
- Attendees brainstormed solutions for specific behavior challenges identified during the meeting.
- Strategies such as implementing social-emotional learning (SEL) curriculum, providing social skills training, and establishing clear expectations and consequences were discussed.
- Action plans were developed to address these challenges, with responsibilities assigned to relevant staff members.
