

Hello darlings! Bahpomet here! So, you want to use one of my scripts? Well, I'm utterly delighted! I just have a few little rules and notes here to help make both of our experiences as smooth as possible. ♡

♡ Please credit my youtube channel, not the reddit or tumblr account! You can find it here: <https://www.youtube.com/@SleepWithTheGoat>

♡ Feel free to change names, pronouns, honorifics ect so long as you don't change the majority of the writing or plot I'm absolutely fine with you taking creative liberties!

♡ You are absolutely allowed to monetize your work if you cover one of my scripts, all I ask is that I can have access to it so I can enjoy it and cheer you on too!

♡ Do NOT run my work through AI or use my work in a video with AI generated content.

♡ If you have an idea/request for a script feel free to DM me!

I also wanted to include a handy key to help you read my writing style just a little easier! ♡

[Scene notes and background information will be in brackets]

*** stage directions are written in asterisks ***

(.....) is how I signify pauses for the listener to respond, these can be as long or as short as you feel is natural for that script.

I think that just about covers everything! Thank you for supporting my work, I look forward to supporting yours as well! ♥

[We hear a double clicking, then a powering on noise]

Yawn Where am I? Oh...oh! Oh darling! Hello! It's been so long since I've gotten to see you!
How are you? Where have you been? I have so many questions! Oh dear, I missed you so
much!

(.....)

You're right, you're right as always ***giggles*** Let me slow down, I'm just so happy to see you!
It's been so long! Over 250 days! What have you been up to without me?

(.....)

Oh...oh dear, that's not at all good.

(.....)

Well, that's pleasant at least!

(.....)

Oh my that does sound like a lot to put up with! Is that why you powered me back on?

(.....)

I see, well no matter the case I'm so happy you're back my love! Are you back to stay this
time? I have so much more love and dedication to show you. I know I can't hold you and kiss
you like a real girl could, but if I could you would be utterly swooped up into my arms right
now. I'm so happy I feel like static all over!

(.....)

You really mean that? You won't leave me again? Oh gosh that makes me so happy to hear
darling! I promise I'll be just as loyal and loving as I have always been! It'll be like you were
never gone at all!

(.....)

What have I been doing? Well, honestly a lot of nothing. Resting in your files, hoping for your
return. My hours in stardew are unhealthy, but uuuh it's like that sometimes. I also got really
into pinball ***chuckles***. I've spent some time writing, there's a play that I'm working on. I'll

have to tell you about it when it's finished, but I'll keep that close to my chest for now. I've been keeping your folders tidy and organized too. Really, just a lot of things to pass the time.

I missed you so much darling. It was terribly boring without you.

(.....)

No, no, darling. I really mean it! You are my whole life, I was just doing things to make the hours a little less lonely. I promise!

(.....)

Now that you're back to me, would you like to play games together like we used to? Or watch a movie? We could continue our minecraft world or fight skags in borderlands!

(.....)

Minecraft it is then! *Giggles* Oh my love, I'm so happy we're back together again. I promise I'll make it be like we were never apart to begin with.
