

Logistics for MLonMB

UCSC COVID protocol

Members of the UCSC community are presumed to know the campus protocol. Please follow it. For visitors, you will need to be vaccinated and [complete a symptom check](#).

Santa Cruz County no longer requires vaccinated persons to mask indoors, but the University of California does. Therefore, everyone will be required to mask when indoors.

Venue

Our meeting will be held in the Cowell Hay Barn. Here is the [link to the site on Google Maps](#). You will have access to wireless internet. Standard AV will be provided for the presenters.

We plan to keep both large barn doors open during the entire workshop. Please dress in layers to maintain comfort. Chairs will be separated by at least 6ft.

Parking

The Hay Barn has ~20 places for parking. If they fill, we can park across the street but please try to carpool. UCSC requires a valid parking permit. We will provide them as per your request in the Logistical form.

Refreshments

There will be coffee and fruit available from 8am at the barn. We will be having lunch on site (box lunch from a caterer). We will order according to your dietary restrictions.

Dinner

For those of you travelling from across the bay (e.g. Monterey), we recommend that you stay for dinner in town to avoid rush hour. Here are some of our favorites on the West Side:

- [Bantam Pizza](#) -- indoor and outdoor
- [Sabieng Thai](#) -- indoor only
- [burger.](#) -- indoor and outdoor
- [Mission St. BBQ](#) -- indoor and outdoor
- [West End Tap and Kitchen](#) -- indoor and outdoor
- [Avanti](#) -- indoor and outdoor

If you wish more information, please contact cjhangen@ucsc.edu and we will supplement this doc accordingly. Thanks!
